Encanto has become one of the most popular films of all time.

Your new home for school news

BY KRISH NOTAY, JULIA NYAMATORE, GRACE WITTICH JACKSON AND HARRISON COHEN

Hello Preston Hedge's!

We are the new school newspaper, The Preston Paper, and we would like to take this opportunity to thank you for reading this first edition. The Preston Paper will be a regular newspaper containing articles about school life, sport, culture, and so much more!

As a school-based paper, we will rely heavily on contributions from guest journalists, so if you would like to write an article for the school newspaper please send your drafts to Year 5 and our team will try our very best to include it in the next edition. Please remember that not everybody's article can be chosen but if it does not appear in the next edition, it may well appear in the following one!

If you are wondering what kind of article you could write, we would love to read film or book reviews, short stories, travel reviews if you have been on a particularly exciting trip, sports news or general school news.

We hope you enjoy the first edition of The Preston Paper and we look forward to meeting our new guest journalists!

Encanto goes viral!

JULIA NYAMATORE 23/03/22

A new Disney movie was created called Encanto; it amazed us! If you want to see how the movie turned out you can watch it on Disney+.

The film is based in South America and it tells the story of a family with magical powers. They are called the family Madrigal. Some of the characters are: Isabella, Mirabel, Abuela, Bruno, Papa, Camilo and Delores.

The film focuses on Mirabel who, for some mysterious reason, does not have a magical power. Through the film, we discover why and follow Mirabel on her journey.

Encanto is viral right now but will it stay like that forever? After watching it loads of times will it start to get boring, or would you still like it?

If you've already watched Encanto, did you enjoy it? Who was your favorite character and why? Got another film you'd like to review? Send us your reviews to Year 5 and it might make issue number 2!

Who will go up this season?

League 2

LEWIS ARMSON 23/03/22

The football season is coming to a close end in the EFL. There are very few promotion places up for grabs, so lots of teams are battling it out to move up a league. In league 2, 10 teams are battling it out to move up to league! These teams are: Northampton Town, Forest Green, Sutton United, Port Vale, Bristol Rovers and Newport County. Several teams, such as Forest Green, have had fantastic seasons. Other teams, like Mansfield, have plummeted down the table, falling down as far as the relegation places, and climbing back up the table and becoming hopefuls for promotion. But the question is, who will go up? Who will go down?

Local Team, Northampton Town, are fighting for those all-important playoff places in League 2.

Lightning strikes twice

MK Lightning win in OT

LAYTON ALLEN AND HARRISON COHEN 22/03/22

It was a very interesting match at the MK Arena on Saturday night. It all started when Adam Laishram scored a fantastic goal on a powerplay. Sean Norris got the second goal, faking a one timer before hitting a powerful slap shot. The score at the end of the game was 5-5 and so the game went to overtime and then penalties. MK Lightning came out eventual winners and left Sheffield Steeldogs travelling home empty handed. If you can't get to Milton Keynes to watch an ice hockey game, there's always the option of live streaming the games through TicketCo. Ice hockey is fast paced action for the whole family!

Reading is amazing and you should do it as often as you can. It takes you to places you could only dream of going and you can imagine the sights and sounds inside your head. It's all down to your own creativity and imagination!

You might not like every book you read, but that is no reason to give up reading. There is a book out there for everyone! Every issue, we will do one or more book/author reviews so you can see what other students are reading and perhaps try the books yourself.

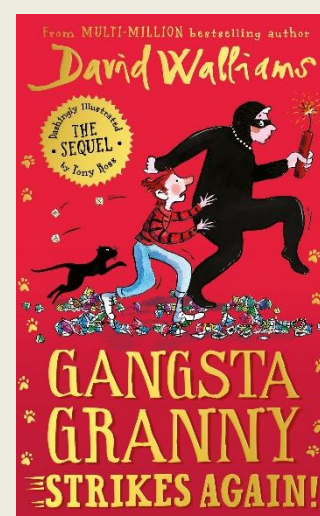

READING

David Walliams

KATIE WHITE 22/03/22

I would recommend David Walliams books because they are extremely funny. He has a range of books for younger and older children, which is great for everyone! Some of his books are: Code Name Bananas, Slime, Gangsta Granny, and Midnight Gang. His books are

funny, adventurous and amazing. One of his most recent books is Gangsta Granny Strikes Again which follows on from the first book, Gangsta Granny. If you read the first book and enjoyed it, you will love the sequel. One of his older books is The Midnight Gang which is about a group of children in a hospital who stay up till midnight and have lots of adventures. Pick up a David Walliams book and you will not regret it.
